PARAPLEGIA

Index to Volume 26 (1988)

Subject Index

(A) Indicates an abstract

Abdomen, Acute
Acute intermittent arteriomesenteric occlusion of the duodenum after use of Harrington's spinal instrumentation: case report, by Ohry *et al.* 350

Accidents, Traffic
Analysis of recreational off-road vehicle accidents resulting in spinal cord injury, by Maynard 109(A)
Management of a patient with a traumatic tetraplegia from central Australia: case report, by Winsor *et al.* 416
Tetraplegia resulting from a bus roll over accident: case report, by Hill *et al.* 413

Aldosterone
Aldosterone regulation in high spinal cord transection, by Sica *et al.* 123(A)

Ambulation
A clinical review of the adult hip guidance orthosis (ParaWalker) in traumatic paraplegics, by Summers *et al.* 19
Early prognostic factors for walking in spinal cord injuries, by Daverat *et al.* 255

Appliances
A clinical review of the adult hip guidance orthosis (ParaWalker) in traumatic paraplegics, by Summers *et al.* 19
Initial clinical experience with a new halo vest, and comparison to 'standard' halo vests, by Krag *et al.* 118(A)

Automobile driving
Success versus failure of the spinal cord injured driver: review of a 5–10 year driving period, by Gurgold 134(A)

Autonomic Dysfunction
Haemodynamic actions of Clonidine in tetraplegia—effects at rest and during urinary bladder stimulation, by Kooner *et al.* 200
Haemodynamic, hormonal and urinary responses to postural change in tetraplegic and paraplegic man, by Kooner *et al.* 233

Behaviour Therapy
The effectiveness of assertiveness training in acute spinal cord injury patients, by Cressy *et al.* 128(A)

Bone Metabolism
Bone mineral content of the lumbar spine and lower extremities years after spinal cord lesion, by Biering-Sørensen *et al.* 293

Book Reviews
66, 140, 212, 281, 363

Bowel Function
The action of Cisapride on the chronic constipation of paraplegia, by Binnie *et al.* 151
Effects of Cisapride on constipation due to neurological lesion, by de Groot and de Pagter 159
Treatment with Cisapride of the gastrointestinal and urological sequelae of spinal cord transection: case report, by Etienne *et al.* 162

Carpal Tunnel Syndrome
Carpal tunnel syndrome in paraplegics, by Gellman *et al.* 136(A)

Catheterisation
An appraisal of antibiotic policies for urinary tract infections in patients with spinal cord injuries undergoing long-term intermittent catheterisation, by Stickler *et al.* 215
Development of fatal bilateral xanthogranulomatous pyelonephritis in a paraplegic patient: case report, by Goswami *et al.* 62
Intermittent catheterisation versus percutaneous suprapubic cystostomy in the early management of traumatic spinal cord lesions, by Noll *et al.* 4
Long-term follow-up of spinal cord injury patients with vesicoureteral reflex, by Lamid 27

neuropathic bladder for the dextrous spinal cord patient, by Hill and Davies 405

Cervical Stabilisation
Acute intermittent arteriomesenteric occlusion of the deuodenum after use of Harrington's spinal instrumentation: case report, by Ohry *et al.* 350
Anterior decompression of burst fractures with spinal 1-plate fixation: a clinical and experimental study, by Yuan *et al.* 115(A)
Early mobilisation of patients with cervical cord injury using the halo brace device, by Parry *et al.* 226
Indirect decompression of the spinal canal in thoracolumbar spine, by Levine *et al.* 110(A)
Short range, stable-angled dorsal spinal stabilisation with simultaneous ventral approach, by Kluger and Herner 115(A)
Single stage anterior decompression and stabilisation for burst fractures of the thoracolumbar spine, by Kostuik 116(A)
Stabilisation of the lower thoracic and lumbar spine with the internal spinal skeletal fixation system, by Abei and Thalgott 117(A)
Undetected post-traumatic instability of the thoracolumbar spine, by Keene *et al.* 116(A)

Children
The neuropathic bladder in children with spinal cord injury, by Fanciullacci *et al.* 83
Scoliosis in the pediatric spinal cord injured population, by Betz *et al.* 133

Collagen
Biochemical changes in skin composition in spinal cord injury: a possible contribution to decubitus ulcers, by Rodriguez and Claus-Walker 302

Communication
Management of communication problems in the patient with spinal cord dysfunction, by Ledwon-Robinson *et al.* 139(A)

Complications
Complications in spinal injuries, by Jansen *et al.* 50(A)
Degenerative joint abnormalities in patients with paraplegia of duration greater than 20 years, by Wylie and Chakera 101
Outcome following acute spinal cord injury: a review of 198 patients, by Gardner *et al.* 941

Computers
The Neil Squire Foundation Computer Comfort Program for the high lesion quadriplegics and other severely physically disabled adults, by Hornstein *et al.* 138(A)

Conferences, Meetings, Notices
69, 141, 214, 284, 365, 434

Conus Lesions
Injuries of the conus medullaris, by Taylor and Coolican 393

Cost Benefit Analysis
Costs of spinal cord injury in Australia, by Walsh 380
Initial and long-term costs of spinal cord injury, by Whiteneck *et al.* 135(A)

Deglutition
Incidence of swallowing problems in quadriplegics, by Wise and Milani 119(A)

Depression
Neurocognitive assessment in acute spinal cord injury: incidence and etiologic factors, by Davidoff *et al.* 111(A)

Developing Countries
The care of SCI patients in the developing nations—can we stem the rot? by Shanmugasundaram 10
Spinal cord injuries in Enugu, Nigeria-preventable accidents, by Okonkwo 12

Diagnosis
Tumour or infection?—misleading spinal radiographs, by Dreghorn 52

Ejaculation
Assisted fertility in complete paraplegia: a case report, by Rawicki and Lording 401

Electric Stimulation
Bladder evacuation by sacral nerve stimulation: an update, by Talla *et al.* 127(A)
Intravesical stimulation for bladder areflexia, by Nanninga 127(A)

Employment
Employment after spinal cord injury, by DeVivo *et al.* 130(A)

Energy Metabolism
Nutritional assessment and estimation of energy requirements in traumatic quadriplegia, by Lerman *et al.* 126(A)

Enterocolitis
Clostridium difficile enterocolitis: twenty one cases treated on a spinal cord injury service, by McGuire and Lueck 126(A)

Epidemiology
Demographic analysis of 552 patients with acute spinal cord injury in Ontario, Canada, from 1948 to 1981, by Tator *et al.* 112(A)
Functional outcome following spinal cord injury: a comparison of specialised spinal cord injury center vs. General hospital acute care, by Heinemann *et al.* 114(A)

Initial and long-term costs of spinal cord injury, by Whiteneck *et al.* 135(A)
SCI care system evolution and the associated effects on acute medical complications and length of stay, by Adkings *et al.* 114(A)
Spinal cord injury in three regions in the United States, by Garfin *et al.* 113(A)
Towards prevention of spinal cord injury: the role of a national register, by Wigglesworth 389

Experimental Spinal Cord Trauma
Interaction of compression and velocity in determining severity of experimental spinal cord injury, by Anderson 108(A)
Spinal cord regeneration: new experimental approach, by Hadi Khalili and Hayawi Hamash 310

Follow-up Studies
Long-term follow-up of spinal cord injury patients with vesicoureteral reflux, by Lamid 27
Outcome following acute spinal cord injury: a review of 198 patients, by Gardner *et al.* 94
Physical and social condition of rehabilitated spinal cord injury patients in Japan: a long-term review, by Nakajima and Honda 16
Rehabilitation outcomes in C6 tetraplegia, by Yarkony *et al.* 17

Fracture Reduction
Facet injuries in the cervical spine, by Levine *et al.* 118(A)
Indirect compression of the spinal canal in thoracolumbar spine, by Levine *et al.* 110(A)
Initial clinical experience with a new halo vest, and comparison to 'standard' halo vests, by Krag *et al.* 118(A)

Fractures
Orthofix dynamic axial external fixation of long bone fractures in acute spinal cord injury, by Pringle 51(A)

Geriatrics
Outcomes of the older patient with spinal cord injury, by DeVivo *et al.* 122(A)
Spinal cord injury rehabilitation outcome: the impact of age, by Yarkony *et al.* 122(A)

Guillain-Barré Syndrome
The rehabilitation of patients with severe Guillain-Barré syndrome, by Zelig *et al.* 250

Hemangioma
Hemangioma of the thoracic spine involving multiple adjacent levels: case report, by Blankstein *et al.* 186

Halo Brace Device
Early mobilisation of patients with cervical cord injury using the halo brace device, by Parry *et al.* 226

Hand
The contributions of plastic surgery to care of the spinal cord injured patient, by Buntine and Johnstone 87
The paraplegic hand: electrodiagnostic studies and clinical findings, by Tun and Upton 137(A)
Results of reconstructive surgery in the upper limb of tetraplegic patients, by Ejeskar and Dahllof 204
A review of surgical rehabilitation of the upper limb in quadriplegia, by Johnstone *et al.* 317

Heart Rate
Heart rates of participants in wheelchair sports, by Coutts 43

History of Medicine
The Edwin Smith Surgical Paoyrus: an analysis of the first case reports of spinal cord in injuries, by Hughes 71
Joe Bousquet: paraplegia as a poet's plight and challenge, by Ohry and Ohry-Kossoy 273

Immediate Care
The importance of early admission to a system of spinal cord injury care, by Apple *et al.* 108(A)
Prevention of neurological deterioration before admission to a spinal cord injury unit, by Toscano 143
Spinal cord injury in three regions in the United States, by Garfin *et al.* 113(A)

International Medical Society of Paraplegia
Report 2

Ischaemia
Non-traumatic ischaemic myelopathy: a review of 25 cases, by Kim *et al.* 262

Joint Degeneration
Degenerative joint abnormalities in patients with paraplegia of duration greater than 20 years, by Wylie and Chakera 101

Jousse, Albin T
A profile, by Botterell 369

Kidney Calculi
Extracorporeal shock wave lithotripsy in paraplegia and quadriplegic patients, by Wahle *et al.* 133(A)

Liver Disorders
Liver response in spinal cord injury, by Apple and Kreuger 125(A)

Neoplasms
Spinal tumours: surgical treatment and outcome, by Wharton and Milani 117(A)
Tumour or infection?—misleading spinal radiographs, by Dreghorn 52

Nerve Regeneration
The applied neurobiology of human spinal cord injury: a review, by Kakulas 371
Spinal cord regeneration: new experimental approach, by Hadi Khalili and Hayawi Hamash 310

Neurological Sequelae
The applied neurobiology of human spinal cord injury: a review, by Kakulas
The ascending cord syndrome—the effect of decompression, by Yablon *et al.* 111(A)
Early prognostic factors for walking in spinal cord injuries, by Daverat *et al.* 255
Factors affecting neurologic recovery following post-traumatic incomplete paraplagia, by Edwards *et al.* 120(A)
Prevention of neurological deterioration before admission to a spinal cord injury unit, by Toscano 143

Neuropathic Bladder, see also Catheterisation
Bladder evacuation by sacral nerve stimulation: an update, by Talalla *et al.* 127(A)
Determination of residual urine volumes using ultrasound, by Cardenas *et al.* 127(A)
Development of fatal bilateral xanthogranulomatous pyelonephritis in a paraplegic patient: case report, by Goswami *et al.* 62
Effects of botulinum A toxin on detrusor-sphincter dyssynergia in spinal cord injured patients, by Dykstra *et al.* 127(A)
Effects of Cisapride on constipation due to neurological lesion, by de Groot and de Pagter 159
Evolution of post-traumatic cervical syringomyelia, by Umbach and Heilporn 56
Intravesical stimulation for bladder areflexia, by Nanninga 127(A)
Long-term follow-up of spinal cord injury patients with vesicoureteral reflux, by Lamid 27
Measurement of residual urine volume by means of ultrasonic scanning: a comparative study, by Kjeldsen-Kragh 192
The neuropathic bladder in children with spinal cord injury, by Fanciullacci 83
Posterior bladder neck ledge—a complication unique to the neuropathic bladder, by Perkash and Friedland 125(A)
Treatment with Cisapride of the gastrointestinal and urological sequelae of spinal cord transection: case report, by Etienne *et al.* 162
